

Critical Workers and Business Tunnels: Exemptions from post-travel 14 day isolation period for October 2020

The Civil Contingencies Authority has granted a variation permitting Critical Workers and persons travelling under a Business Tunnel, when arriving in the Bailiwick, to be exempt from the requirement to self-isolate for 14 days and to instead be subject to specific restrictions to mitigate the risk of their presence on island. The assessment of whether a person may be determined as a Critical Worker or to be travelling within a Business Tunnel has been delegated to determining officers pursuant to an arrangement made under the Public Functions (Transfer and Performance) (Bailiwick of Guernsey) Law, 1991. This document provides a summary of the exemptions granted in October 2020.
