

## Media Release

**Date:** 1st December 2020

### **Temporary suspension of Airport bus services in preparation for increased volume of arrivals**

---

Following previous travel information informing arriving airline passengers that they are not permitted to use the public bus service as a means of transport to their self-isolation destination, the decision has been taken to suspend the bus stop for the period when there are expected to be a high number of flight arrivals. This decision will discourage anyone from being tempted to use public buses.

Accordingly, Traffic & Highway Services would like to advise members of the public that scheduled bus services 71, 91, 92, 93, 94 & 95 will not serve the Airport between today (Tuesday 1<sup>st</sup> December) and Sunday 6<sup>th</sup> December inclusive.

School pupils are advised that the school buses will still serve the Airport bus stop as normal.

**Ends**
