**AND WHEREAS** the Civil Contingencies Authority ("**the Authority**") (having consulted the Medical Officer of Health in respect of the risk to public health created thereby and by the spread of Severe Acute Respiratory Syndrome Coronavirus 2, the virus causing the disease COVID-19, and in respect of the measures necessary to prevent or slow the spread of infection) is satisfied that the conditions set out in section 13 of the Law are satisfied, and that the following regulations contain only provisions which are appropriate for and proportionate to the purpose of preventing, controlling or mitigating the emergency referred to above;

#### **Decisions of MOH and the Authority to impose restrictions and requirements.**

1. (1) Subject to paragraph (3), the Medical Officer of Health ("the

MOH") may not impose a restriction or requirement under this Part unless the MOH has sought the advice of Her Majesty's Procureur in relation to the appropriateness and proportionality of the proposed requirement or restriction, and has taken account of that advice.

(2) Subject to paragraph (3), the Civil Contingencies Authority ("**the Authority**") may not impose a requirement under regulation 6(2) unless the Authority has sought the advice of the MOH in relation to the appropriateness of the proposed requirement and has taken account of that advice.

(3) Neither the requirement in paragraph (1) nor the requirement in paragraph (2) applies where the MOH or the Authority (as the case may be) considers that, in all the circumstances, it would be impracticable to comply with it.

(4) Where the MOH imposes a restriction or requirement under these Regulations without seeking the advice of Her Majesty's Procureur, in reliance on paragraph (3), the MOH shall, as soon as reasonably practicable, give notice that he or she has done so to Her Majesty's Procureur.

(5) Where the Authority imposes a requirement under regulation 6(2) without seeking the advice of the MOH, in reliance on paragraph (3), the Authority shall, as soon as reasonably practicable, give notice that it has done so to the MOH.

#### **Detention of persons by the MOH.**

2. (1) This regulation applies where the MOH has reasonable grounds to believe that a person ("P") –

(a) is, or may be, infected or contaminated with, or is

suspected or confirmed to be suffering from, coronavirus, and there is a risk that P might infect or contaminate others, or

- (b) has arrived in the Bailiwick by air or sea and has left an infected area within the 14 day period immediately preceding the date of P's arrival in the Bailiwick.

(2) Where paragraph (1)(a) or (b) is met in relation to P, the MOH may, for the purposes of screening, assessment or the imposition of any restriction or requirement under regulation 3, impose on P a requirement to be detained until the later of –

- (a) the end of the period of 48 hours beginning with the time from which P's detention under this regulation begins,
- (b) such time as any screening requirements imposed on or in relation to P under regulation 3 have been complied with and the assessment referred to in that regulation carried out in relation to P.

**Imposition of restrictions and requirements: general.**

3. (1) Where regulation 2(1)(a) or (b) is met in relation to a person ("P"), the MOH may –

- (a) (orally or in writing) impose on or in relation to P one or more screening requirements to inform an assessment by the MOH of whether P presents, or

could present, a risk of infecting or contaminating others,

- (b) carry out such an assessment in relation to P, and
- (c) following such an assessment, (orally or in writing) impose on or in relation to P any other restriction or requirement which the MOH considers necessary for the purposes of removing or reducing the risk referred to in subparagraph (a), including (without limitation) the restrictions or requirements set out in paragraph (2).

(2) The restrictions or requirements are –

- (a) that P submit to medical examination,
- (b) that P be removed to a hospital or other suitable establishment,
- (c) that P be detained in a hospital or other suitable establishment,
- (d) that P self-isolate,
- (e) that P be disinfected or decontaminated,
- (f) that P wear protective clothing,

- (g) that P provide information or answer questions about P's health or other circumstances,
- (h) that P's health be monitored and the results reported,
- (i) that P attend training or advice sessions on how to reduce the risk of infecting or contaminating others,
- (j) that P be subject to restrictions on where P goes or with whom P has contact,
- (k) that P abstain from working or trading.

(3) For the avoidance of doubt, a requirement to self-isolate imposed under paragraph (1) may be for such period as the MOH thinks necessary in all the circumstances, and may include provision for that period to be shortened in circumstances where P undergoes a test for COVID-19 and the result of that test is negative.

(4) A restriction or requirement imposed under paragraph (1) may be varied by the MOH orally or in writing.

(5) Neither paragraph (1) nor regulation 5 or 6 affects the exercise of any powers under regulation 10; and nothing in this regulation (or in any other provision in these Regulations) affects the MOH's powers under any other enactment.

(6) In this regulation and regulation 6 a power to vary a requirement or restriction includes a power to revoke it.

**Prohibition of non-essential travel.**

4. (1) Schedules 1, 2 and 3 have effect.

(2) A person may not travel into the Bailiwick from outside unless he or she has been granted -

(a) an Essential Travel Permit under Schedule 1, or

(b) a Critical Worker Exemption under Schedule 2.

(3) A person who has been granted neither a Critical Worker Exemption nor an Essential Travel Permit and who travels into the Bailiwick from outside, in contravention of paragraph (2), commits an offence; and regulations 5 and 6 shall be construed accordingly.

**Requirement to self-isolate on arrival in the Bailiwick.**

5. (1) Subject to -

(a) provision made in or under Schedule 2 (concerning Critical Workers) or Schedule 3 (concerning the "7 day self-isolation option" for persons arriving from Category 2 or Category 3 countries), and

(b) paragraphs (2) to (8),

a person who has arrived in the Bailiwick by air or sea and who has left, within the 14 day period immediately preceding the date of his or her arrival in the Bailiwick -

(i) a Category 2 or 3 country, must self-isolate for 14 days,

(ii) a Category 4 country, must self-isolate for 21 days.

(2) If a person of 12 years or over falling within paragraph (1) does not undergo a test for COVID-19 directly on arrival in the Bailiwick, he or she must self-isolate for 21 days.

(3) If a person falling within paragraph (1) who underwent a test for COVID-19 directly on arrival in the Bailiwick undergoes a test for COVID-19 13 days after his or her date of arrival (or at such other time as the MOH may direct under this paragraph) (in this regulation, a "**Day 13 test**"), and the result of that Day 13 test is negative, that person will not be required to self-isolate for the remainder of the 14 day or 21 day period (as the case may be).

(4) If a person falling within paragraph (1) undergoes a Day 13 test, and the result of that Day 13 test is positive, he or she will be required to self-isolate in accordance with instructions from the MOH and to comply with all other restrictions and requirements imposed on him or her by the MOH.

(5) Subject to where paragraph (7) applies, a child under the age of 12 who has arrived in the Bailiwick by air or sea and who has left a Category 4 country within the 14 day period immediately preceding the date of his or her arrival in the Bailiwick will be treated as having arrived from a Category 2 or 3 country for the purposes of paragraph (1).

(6) Paragraph (7) applies where a child ("C") has been self-

isolating in a household bubble.

(7) Where this paragraph applies, even after the cessation of the requirement on C to self-isolate, C may not attend college, school, nursery or childcare (as the case may be) until every other member of C's household bubble has either –

(a) undergone a Day 13 test and received a negative result, or

(b) self-isolated for 21 days.

(8) In this regulation –

(a) "**childcare**" means such types of arrangement for the care of children under school age as the Medical Officer of Health may specify by direction from time to time, and

(b) "**self-isolating in a household bubble**" means self-isolating with other members of the same household in such a way that household members –

(i) do not keep themselves separated from other household members, but

(ii) do keep themselves separated from any other person, in such a manner as to prevent infection or contamination,

and references to members of a household bubble (and the definition of "self-isolate" in regulation 17) shall be construed accordingly.

**Requirement to self-isolate on arrival in the Bailiwick: supplementary.**

6. (1) On arrival in the Bailiwick from any place outside the Bailiwick, a person must, if required –

- (a) answer any question put to him or her by a relevant officer relating to his or her travel, and the travel of any child travelling with that person, during the 14 day period immediately preceding the date of his or her arrival in the Bailiwick,
- (b) provide any travel document specified by a relevant officer relating to that person, or a child travelling with that person, for inspection,
- (c) provide his or her travel authority, and that of any child travelling with him or her, for inspection, and
- (d) answer any question put to him or her by a relevant officer relating to that travel document and travel authority.

(2) The Authority may, by publication on the relevant States of Guernsey website, impose a requirement that any person who has arrived in one Island in the Bailiwick from another Island in the Bailiwick must self-isolate for 14 days.

(3) The requirement to self-isolate under regulation 5(1) and 5(2) and a requirement to self-isolate imposed under paragraph (2) may be varied by the MOH in relation to a particular case, orally or in writing.

(4) The powers of the MOH under paragraph (3) to vary the requirement under regulation 5(1) and 5(2) or a requirement imposed under paragraph (2) include (but are not limited to) powers to –

- (a) specify exceptions to the requirement to self-isolate, and
- (b) shorten the duration of the requirement to self-isolate, either unconditionally or on the MOH being satisfied that one or more specified conditions have been met.

(5) For the avoidance of doubt, and without prejudice to the generality of paragraphs (3) and (4), in any case where the MOH varies the requirement to self-isolate under regulation 5(1) or 5(2) or a requirement to self-isolate imposed under paragraph (2), that variation may be amended in accordance with paragraph (6), and if so amended shall be treated for all purposes as continuing to have effect in accordance with its terms.

(6) In any case where the MOH has varied such a requirement to self-isolate, the MOH may amend or revoke that variation orally or in writing (in a case where the requirement was varied orally), and in writing (in a case where the requirement was varied in writing); and the amendment or revocation (as the case may be) shall have effect from such time as the MOH may specify.

(7) Where a restriction or requirement is imposed on or in relation to a child under regulation 5 or this regulation (including the requirement to self-isolate under regulation 5(1) and 5(2)), a person who is a responsible adult in relation to the child must ensure that the child complies with the restriction or requirement, insofar as that person is reasonably able to do so.

(8) Where a restriction or requirement is imposed orally on a person under regulation 3, regulation 5 or this regulation, or a restriction or requirement is orally varied, the person (or, in the case of a child, a person who is a responsible adult in relation to the child) must be provided with a written notification of the restriction or requirement that has been imposed or varied as soon as reasonably practicable.

(9) In this Part, "**travel authority**" means an Essential Travel Permit or a Critical Worker Exemption (as the case may be).

**Screening requirements.**

7. (1) For the purposes of these Regulations, the screening requirements in relation to a person ("P") are requirements to the effect that P must—

- (a) answer questions about P's health or other relevant circumstances (including travel history and information about other individuals with whom P may have had contact),
- (b) produce any documents which may assist the MOH in assessing P's health,
- (c) at such a time as the MOH may specify, allow a

biological sample of P to be taken, including a biological sample of P's respiratory secretions or blood, by appropriate means including by swabbing P's nasopharyngeal cavity, or provide such a sample, and

- (d) provide sufficient information to enable P to be contacted immediately by the MOH during such period as the MOH may specify, where the MOH considers that such provision of information is necessary in order to reduce or remove the risk of P infecting or contaminating others.

(2) Where P is a child who is accompanied by a responsible adult, the responsible adult must –

- (a) ensure that P answers questions in accordance with paragraph (1)(a),
- (b) answer the questions if P is unable to do so or cannot reliably do so,
- (c) produce any documents, required under paragraph (1)(b), on P's behalf,
- (d) allow a biological sample of P to be taken, including a sample of P's respiratory secretions or blood, by appropriate means including by swabbing P's nasopharyngeal cavity, or provide such a sample, and

- (e) provide information where required by the MOH under paragraph (1)(d).

**Imposition of further restrictions and requirements.**

8. (1) Where regulation 2(1)(a) or (b) is met in relation to a person ("P") –

- (a) following an assessment by the MOH of the risk presented by P in accordance with regulation 3(1), or
- (b) following P's release from detention under regulation 2, or from self-isolation under regulation 9,

the MOH may (orally or in writing) impose on P any one or more of the requirements specified in paragraph (2) where the MOH considers that it is necessary to do so in order to reduce or remove the risk of P infecting or contaminating others.

(2) The requirements specified for the purposes of paragraph (1) are for P to –

- (a) provide P's contact details to the MOH,
- (b) supply information to the MOH which may assist in assessing P's health,
- (c) at such time as the MOH may specify, allow a biological sample of P to be taken, including a sample of P's respiratory secretions or blood, by appropriate

means including by swabbing P's nasopharyngeal cavity, or provide such a sample,

(d) comply with any other specified condition or to take any other specified measure.

(3) The conditions or measures which may be specified under paragraph (2)(d) include –

(a) a restriction on P's travel,

(b) a restriction on P's activities,

(c) a restriction on P's contact with specified persons.

(4) The MOH may (orally or in writing) revoke or vary any requirement or restriction imposed under this regulation, including by imposition of a restriction specified in paragraph (3).

(5) Subject to paragraph (6), the period for which a restriction set out in paragraph (3) is imposed may not exceed 14 days beginning with the day on which the restriction is imposed.

(6) Where a restriction set out in paragraph (3) is imposed, or the period of a restriction is extended under this paragraph, the MOH may (orally or in writing) extend the period of the restriction for a further specified period not exceeding 14 days if the MOH considers that the restriction is still necessary and proportionate.

(7) Before imposing or varying a requirement or restriction under this regulation, the MOH must –

(a) inform P (or, where P is a child, a person who is a responsible adult in relation to P) of the requirement or variation that the MOH is minded to impose or make, and

(b) have regard to any relevant representations by P (or, where P is a child, a person who is a responsible adult in relation to P), as to its suitability.

(8) When imposing or varying a requirement or restriction under this regulation, the MOH must inform P that it is an offence to fail to comply with the requirement.

(9) Where a requirement or restriction under this regulation is imposed on or in relation to a child, or varied in relation to a child, a person who is a responsible adult in relation to the child must ensure that the child complies with the requirement or restriction, insofar as that person is reasonably able to do so.

(10) Where the MOH orally imposes a requirement or restriction on P under this regulation, or orally varies such a requirement or restriction, the MOH must provide P (or where P is a child, a person who is a responsible adult in relation to P) with a written notification of the requirement or restriction that has been imposed or varied.

(11) Paragraph (1) does not affect the exercise of any powers under regulation 3(1)(c).

**Self-isolation of persons suspected to be infected with coronavirus.**

9. (1) This regulation applies where regulation 2(1)(a) or (b) is met in relation to a person ("P").

(2) The MOH may require P to self-isolate if the MOH –

(a) has reasonable grounds to believe that P is, or may be, infected or contaminated with coronavirus, and

(b) considers that it is necessary to do so in order to reduce or remove the risk of P infecting or contaminating others.

(3) Where the MOH has reasonable grounds to believe that P is, or may be, infected or contaminated with coronavirus, the MOH may detain P pending the decision of the MOH whether to require P to self-isolate under paragraph (2).

(4) Where the MOH has detained P under paragraph (3) or has required P to self-isolate under paragraph (2), the MOH may impose on or in relation to P one or more screening requirements.

(5) When imposing a requirement under this regulation, the MOH must inform P that it is an offence to fail to comply with the requirement.

(6) Where a requirement under paragraph (2) is imposed on or in relation to a child, a person who is a responsible adult in relation to the child must ensure that the child complies with the requirement, insofar as that person is

reasonably able to do so.

(7) This regulation does not affect the exercise of any powers under regulation 3(1)(c).

**Detention or self-isolation: additional provisions.**

10. (1) Where a person ("P") is required to be detained or to self-isolate under regulation 3 or 9 or subjected to restrictions or requirements under regulation 8, the MOH must have due regard to P's well-being.

(2) Where P is detained or required to self-isolate under regulation 3 or 9 or subjected to restrictions or requirements under regulation 8 for a period exceeding 14 days, the MOH must review the continuation of P's detention or self-isolation by reference to the provisions of those regulations.

(3) After each subsequent interval of 24 hours during which P is detained or required to self-isolate under regulation 3 or 9 or subjected to restrictions or requirements under regulation 8, the MOH must review the continuation of P's detention or self-isolation by reference to the provisions of those regulations.

(4) Where P is detained or required to self-isolate under regulation 3 or 9 or subjected to restrictions or requirements under regulation 8, the MOH may require P to comply with screening requirements if the MOH considers that it is necessary and proportionate to do so in order to reduce or remove the risk of P infecting or contaminating others.

(5) Where P is detained under regulation 2, the MOH may require P to move to a suitable place.

(6) The MOH must notify P (or, where P is a child, a person who is a responsible adult in relation to P), as soon as P's detention under regulation 3 starts, or as soon as it is decided to require P to self-isolate under regulation 9, of –

- (2) In regulation 2, the references to "**a person**" and to P –
  - (a) as they apply in paragraph (1)(a) are to each person in the group,
  - (b) as they apply in paragraph (1)(b) are to each person in the group who has arrived on the same aircraft or ship and left the same area,

and the power to impose a requirement to be detained in paragraph (2) of regulation 2 is to be read as a power to impose that requirement on any one or more of the persons in the group in question.

- (3) In regulation 3 –
  - (a) in paragraph (1), the reference to "**a person**" is to be read in accordance with paragraph (2) of this regulation,

(3) A police officer may –

(a) direct P to go immediately to a hospital or other suitable place for the purposes of the imposition of any restrictions or requirements under regulation 3,

(b) remove P to a hospital or other suitable place for the purposes of the imposition of any restrictions or requirements under regulation 3, or

*(This note is not part of the Regulations)*

These Regulations are emergency regulations made by the Civil Contingencies Authority under Part 3 of the Civil Contingencies (Bailiwick of Guernsey) Law, 2012 ("**the Law**"). They are made on the occurrence of an emergency, within the meaning of the Law, in the Bailiwick, arising from the urgent need to prevent, control or mitigate the spread of the virus Severe Acute Respiratory Syndrome Coronavirus 2 and the disease caused thereby, COVID-19 (referred to together in these regulations as coronavirus). They are prefaced with a statement by the Civil Contingencies Authority, as required by section 12(2) of the Law. COVID-19 was made a notifiable disease for the purposes of the Public Health Ordinance, 1936 on 10<sup>th</sup> February 2020.

These Regulations revoke and re-enact (with modifications) regulations previously made by the Civil Contingencies Authority in respect of the coronavirus pandemic.

These Regulations will come into force on the 13<sup>th</sup> January, 2021 (with the exception of the provisions in respect of the prohibition of non-essential travel (see below) which shall come into force on 14<sup>th</sup> January, 2021) and shall have temporary effect only in accordance with the provisions of section 16 (duration and scrutiny of emergency regulations) of the Law.

*Part I - screening, assessment and powers to detain etc.*

This Part places a requirement to self-isolate on persons arriving in the Bailiwick, enables the Medical Officer of Health to place restrictions and requirements on other persons who are or who may be infected with coronavirus, and makes provision in respect of related matters, including powers for the Medical Officer of Health to impose screening requirements, to detain people and to require people to self-isolate. The provisions also create criminal offences and confer powers of enforcement on police officers, and provide for applications to vary or revoke requirements or restrictions imposed under this part to be made to the Royal Court.

This Part also prohibits non-essential travel into the Bailiwick. Further provision in respect of essential travel, and the granting of Essential Travel Permits, is set out in Schedule 1; in addition, regulation 24 amends the Population Management (Guernsey) Law, 2016 to impose a duty on the Administrator of Population Management to consult a determining officer appointed under Schedule 1 before granting an Employment Permit.

The effect of this prohibition is that it is unlawful for a person to travel into the Bailiwick from outside unless he or she has been granted either an Essential Travel

Permit or a Critical Worker Exemption. A person who has been granted an Essential Travel Permit will have to self-isolate on arrival in accordance with regulations 5 and 6, and a person who has been granted a Critical Worker Exemption will have to self-isolate in accordance with the provisions of Schedule 2. Finally, this Part also provides that a person of 12 years or over who chooses not to take a day of arrival test for COVID-19 will have to self-isolate for 21 days.

Schedule 3 makes provision in respect of self-isolation for persons arriving from countries or territories specified as Category 2 or Category 3 countries for the purposes of the regulations, that is, countries or territories with lower rates of infection and transmission than Category 4. At the time these regulations were made, all countries and territories were treated as being Category 4.

*Part II – miscellaneous and final*

Schedule 4 to these Regulations sets out the modifications to be made to mental health legislation having effect in the Bailiwick.

Paragraph 4 modifies the Mental Health (Bailiwick of Guernsey) Law, 2010 to permit an approved medical practitioner (rather than only a second opinion approved doctor) to provide a certificate for the purposes of section 56 where the practitioner is of the opinion that it is not reasonably practicable or would involve unreasonable delay to comply with the unmodified requirement of that section.

Paragraphs 5 to 6 modify the Mental Health Review Tribunal Procedure Rules, 2012 to provide that the Mental Health Review Tribunal may properly be constituted according to specified criteria.

Regulation 19 makes provision in relation to Senior Decision Makers ("**SDMs**") appointed by the Guernsey Financial Services Commission, including providing for SDMs to hold oral hearings remotely. Regulation 20 empowers the Medical Officer of Health to exercise her powers to require schools to take measures to prevent the spread of infection in Sark, and provide, for the avoidance of doubt, that such measures may include the immediate closure of any school. Regulation 21 enables the Court of Appeal to conduct its proceedings remotely.
