

Requirement to self-isolate under the Emergency Powers (Coronavirus) (General Provision) (Bailiwick of Guernsey) Regulations, 2021

Every person arriving in the Bailiwick of Guernsey from anywhere in the world must provide travel information prior to or on arrival.

If you have already provided information electronically using the Travel Tracker in relation to your travel in the 7 days immediately prior to your arrival in the Bailiwick, you **must update this information if it is no longer accurate**.

If you have not already provided that information, **you must do so on your arrival in the Bailiwick**.

The Travel Tracker will inform you of your period of mandatory self-isolation and the conditions and restrictions which will apply to you when you are no longer required to self-isolate. **You must tick the relevant box in paragraph 1 or 2 which applies to you and sign the form to confirm you have understood your obligations**.

Along with satisfactory proof of your identity, you may also be required to provide additional travel documents or further information on your travel to any customs officer, police officer or other relevant officer who requests it.

Where a person fails to do so when required, or provides false or misleading information or documents, they may be prosecuted and, if convicted, be sentenced to pay a fine of up to £2,000.

Name

Date of Birth

1. Where the Travel Tracker has informed you that you are subject to Category 4 self-isolation requirements:

I confirm I have read and understood my obligation to **self-isolate** until the relevant 21 day period has ended (see the date stamp on your receipt).

Where I am aged 12 or over:

I confirm I have read and understood my obligation to self-isolate until the relevant 21 day period has ended (see the date stamp on your receipt).

I further understand that:

- I am not required to undertake a test on arrival, but must self-isolate for a period of 21 days if I choose not to do so (regardless of whether I have a test on or around day 13 of that period ("day 13 test");
- I am not required to have a day 13 test, but must self-isolate for the remainder of the period of 21 days if I choose not to do so (even if I had a test on arrival in the Bailiwick);
- if I am not self-isolating in a household bubble, I may leave self-isolation before the end of the 21 day period IF and ONLY IF I receive a negative result from BOTH the test on arrival and the day 13 test. In that case, I may leave self-isolation as soon as I receive the negative result of my day 13 test;
- if I am self-isolating in a household bubble, I should only leave self-isolation before the end of the 21 day period where every other member of my household bubble has received a negative result from the day 13 test;
- I should register, as soon as possible, the details of all other people that I will be self-isolating with in a household bubble (the relevant website page is set out on your receipt);
- If I am a child aged 12 or over and self-isolating in a household bubble, I must NOT attend college, school, nursery school or childcare until the end of my relevant 21 day period, unless every member of that household bubble has received a negative result from a day 13 test; and
- I should register, as soon as possible, any changes to the self-isolation address declared on the Travel Tracker as outlined on the gov.gg website.

I have also read the Addendum to the Arrival in the Bailiwick document dated 12 January 2021 and understand the consequences of self-isolating in a household bubble.

Where I am aged under 12,

I understand my obligation to self-isolate until the 14 day period has ended.

I further understand that:

- I am not required to undertake a test on arrival;
- I am not required to have a day 13 test, but must self-isolate for the remainder of the 14 day period if I choose not to do so (even if I had a test on arrival in the Bailiwick);
- If I am not self-isolating in a household bubble, I may leave self-isolation before the end of the 14 day period IF and ONLY IF I receive a negative result from the day 13 test. In that case, I may leave self-isolation as soon as I receive the negative result of my day 13 test;
- if I am self-isolating in a household bubble, I should only leave self-isolation before the end of the 14 day period where every other member of my household bubble has received a negative result from the day 13 test;

- I should register, as soon as possible, the details of all other people that I will be self-isolating with in a household bubble (the relevant website page is set out on your receipt);
- If I am self-isolating in a household bubble, I must NOT attend college, school, nursery school or childcare until the end of the relevant 21 day period, unless every member of that household bubble has received a negative result from a day 13 test; and
- I should register, as soon as possible, any changes to the self-isolation address declared on the Travel Tracker as outlined on the gov.gg website.

I have also read the Addendum to the Arrival in the Bailiwick document dated 12 January 2021 and understand the consequences of self-isolating in a household bubble.

2. Where you have a variation or Critical Worker Exemption ("variation"):

I have a variation which I will present on arrival in the Bailiwick.

I confirm I have a variation and I understand that I must:

- **comply with the conditions set out** in that variation; and
- **self-isolate until the end of the 21 day period or as otherwise set out in the variation.**

For all:

I confirm that I have provided true, accurate and up-to-date information in relation to my travel in the 7 days immediately prior to my arrival in the Bailiwick of Guernsey (including that provided electronically using the Travel Tracker), and that I understand if I fail to comply with the relevant obligation, conditions and/or restrictions mentioned above, I may be prosecuted and, if convicted, be sentenced to pay a fine or a period of imprisonment, in accordance with the Regulations.
