

Media Release

embargo until time/date

Date: 20 April 2021

States of Guernsey reaches out to all registered or recently retired health care professionals

Phase 1 of the COVID-19 vaccination programme started in January this year and has progressed through the priority cohort well. Nearly 47,000 doses have been given to date.

We have now commenced Phase 2 of the programme which aims to offer vaccinations to all those aged 18 to 49 years.

The States of Guernsey is looking to expand its vaccinator workforce to complete Phase 2 of the programme and to administer second doses to those in the early priority groups.

If you are interested in supporting Phase 2 of the COVID-19 vaccination programme, please contact covidvaccine@gov.gg for further details. The team will be delighted to hear from you.

Anyone interested should still have a valid registration with their regulator body i.e. NMC, GMC or HCPC and can come from the following fields:

- Nurses
- Midwives
- Pharmacists
- Doctors
- Dentists
- Anaesthetic assistants
- Chiropodists
- Dieticians
- Occupational therapists
- Operating department practitioners
- Orthoptists
- Orthotists/prosthetists,
- Paramedics
- Physiotherapists
- Radiographers
- Speech and language therapists

Ends
