Online form launched to enable returning students to register for a COVID-19 vaccine

Overseas students who are aged over 18 years, returning to the Bailiwick this summer who have not yet been offered a COVID-19 vaccine where they are studying, or who have only received one dose of vaccine, are asked to complete an on-line form to enable them to receive the necessary doses of vaccine over the summer break.

Once completed, staff from the Vaccine Contact Centre will be in touch to make the necessary appointments to ensure that students who are eligible for the vaccine receive both doses as soon as possible.

The online form can be accessed here: <https://gov.gg/summerstudentreturn>
