Travel Tracker support sessions for travellers this weekend

The Travel Tracker team has scheduled 3 sessions this week to help travellers register on the Travel Tracker and complete a pre-arrival journey.

William Alexander, COVID-19 Project Manager said:

‘Whilst the Travel Tracker system is relatively simple for some travellers, certain circumstances means that completing the various fields can be more complicated: for example, travellers with children of various ages.

We have set up these sessions ahead of the half-term break when we know that travel numbers will increase. We hope providing assistance ahead of this peak in travel will speed up the arrival process at the airport and harbour.’

The sessions are being held at Candie Museum at the following times:

Saturday 16 October - 10.30 to 12.00 & 14.30-16.00, and

Sunday 17 October - 10.30 to 12.00

Each session can accommodate around 50 individuals and will start with a brief presentation after which members of the welcome team will be available to help anyone who needs further assistance.
