Date: 9 December 2021

Positive LFT testing to move back to the Princess Elizabeth Hospital on Saturday

With effect from **Saturday 11 December 2021** anyone who has a positive LFT can no longer attend the East Arm drop-in testing facility. This is due to the Welcome Team staff, who have been managing this service, being deployed back to the Airport due to increasing traveller numbers.

Anyone who has a positive LFT must call the clinical helpline on **01481 220001 or 01481 220002**. They will then be contacted by the Scheduling Team and offered an appointment for a PCR test at the drive through testing facility at the hospital.

Please note that this facility does not operate a drop-in service, but appointments are available throughout the day between 9 am and 4.45pm – with occasional evening clinics when demand requires.

Anyone who is unable to attend the drive-through will be advised of testing options by the Scheduling team.
