Date: 24 January 2022

Additional walk-in booster clinics to be trialled at the Harbour Terminal this week

Islanders who are yet to have their booster jab will be able to attend walk-in clinics at the Harbour Terminal on Tuesday and Thursday (25th and 27th January) this week, which are being run as a trial to see if the location is suitable for those who work in, or are visiting Town.

The booster programme has been successful so far, with 40,002 adults boosted representing 78% of the 51,000 target.

Opening times for the walk-in clinics at the Harbour Terminal on Tuesday and Thursday are 11am-2pm. Depending on the number of people who attend these trial clinics, more may be added. It is hoped the Harbour will provide a practical alternative for those that work in or around the main Town centre, which will be open over the normal lunch period to make getting the booster even easier.

These drop-in clinics at the harbour are in addition to those being run at Community Vaccination Centre at Beau Sejour. The CVC will be open at the following times this week:

Mon	24th	2pm – 7pm
Tues	25th	9.30am – 2.30pm
Wed	26th	2pm – 7pm
Thurs	27th	9.30am – 2.30pm
Fri	28th	2pm – 7pm
Sat	29th	10.30am – 3.30pm

In addition to the drop-in clinics, letters will also be sent to eligible islanders yet to have their booster, to invite them to book in for it, if they would prefer a fixed appointment time.

Please take an LFT before attending any health and care facility, including the CVC drop-ins, PEH campus, any GP practice or nursing/residential care home. Face masks should also be worn at these facilities.

Please note that if you have recently had COVID-19, you cannot have your booster until 28 days have passed since you tested positive for COVID-19 or for those aged 12 to 17 you will need to wait 12 weeks.

If someone in your household tested positive for COVID-19 please do not attend the drop-in clinic and phone the VCC on 220006 to book a drive through appointment.

To contact The VCC please call 220006 or email vcc@gov.gg
