

Media Release

Date: 15 June 2022

Spring COVID-19 booster programme to end 30 June 2022

Islanders aged 75 and over, have until the **30 June 2022** to get their COVID-19 Spring Booster.

The spring booster programme has been delivered in accordance with the guidance from the Joint Committee on Vaccination and Immunisation and was offered to islanders over the age of 75 and those who are immunosuppressed. Everyone in these cohorts has been sent a letter inviting them to receive the booster. Anyone who believes they are in one of these groups, but who has not received an invite, is encouraged to email vcc@gov.gg to discuss their circumstances

Pop up clinics for vaccines have been scheduled as follows:

- Saturday 18 June 09.30 to 14.30 Lukis House
- Tuesday 21 June 13.00 to 18.00 Guille Alles Library
- Saturday 25 June 09.30 to 14.30 Lukis House
- Tuesday 28 June 13.00 to 18.00 Guille Alles Library

To date, 82.5% of our islands' population who were eligible for the Spring Booster have now received their COVID-19 vaccine.

Those who are immunosuppressed will continue to be assessed on an individual basis and may receive a booster after the 30 June 2022, however we encourage anyone who feels they are in this cohort and have not received an invite to contact the team on VCC@gov.gg or tel 01481 220001

From the 30 June 2022, we will continue to offer primary doses and first boosters to those in need through an evergreen service during July and beyond.

Those islanders who turn 75 after the 30 June will be offered a booster in the Autumn 2022 booster programme in accordance with the JCVI advice issued at that time.
